

Villa Lune - Overview

Villa Lune is a stylish, contemporary three bedroom house with a distinctly Mediterranean feel situated on a quiet hillside above Trunk Bay, Tortola in the British Virgin Islands. At the entrance of the property is large blue urns filled with tropical flowers and a unique water feature that flows from a fountain down through the middle of the mosaic outdoor dining table.

The pool and surrounding terrace are the focal point of this villa and has sweeping views of the bay. The sun terrace is furnished with comfortable loungers.

The kitchen has large windows that open out onto the dining terrace. The bedrooms have been carefully situated to offer privacy from the rest of the house, each with a private sea-facing deck, air-conditioning and en-suite bathrooms.

The master bedroom has a four-poster bed, a bathroom with private outdoor shower. The second bedroom features a queen-size bed and the third bedroom has a bunk bed (double size on lower level).

The beach at Trunk Bay can be accessed by foot and is a mere 10 minutes away but due to the steep location, it is recommended that guests hire a car.

There is a private walking path connecting to [Villa Soleil](#) if both are rented together.

Amenities

- Three bedrooms
- Three bathrooms and guest toilet
- Air-conditioning
- Pool
