

Xhale Villa - Overview

Xhale Villa is a magnificent contemporary villa with breathtaking ocean views. It is the perfect place to relax and rejuvenate. Offering four bedrooms, this luxury home is nestled along the windswept bluffs of St. Lucia's famed Cap Estate in the north. The interiors have been tastefully furnished and designed with sleek furnishings.

Each of the villa's four en-suite rooms is uniquely designed with private balconies that open up to magnificent ocean views. The bedrooms are located on the lower level of the house while the open plan living area and kitchen are located on the upper level. The living areas have floor to ceiling windows, so whether you are outside or inside, you can continue to be dazzled by the views. The kitchen is fully equipped with all the mod cons and there is a breakfast bar for more casual dining or enjoying a snack. The living area is air-conditioned but thanks to the high vaulted ceiling and elevated position, the villa remains relatively cool thanks to the ocean breeze.

Outside Xhale Villa, comfortably sun loungers furnish the pool deck and you can relax and enjoy the heat of the Caribbean sun and the surrounding ocean views. Evenings can be spent on the deck and for the cooler evenings, there is a fire pit. Dining can be enjoyed indoors or al fresco. The villa also has a fully equipped gym as well as a yoga deck.

This villa is a great choice for a group of friends looking for a luxury and modern home yet within driving distance of the beaches and Rodney Bay.
